ANES: partial relationship of the young–old gap and the formative growth gap
(within state and survey year)
slope = 0.26 r = 0.15 (n=166 state-years)
state + survey-year FE partialled out
Young–old redistribution gap, residual
(ANES VCF0809, SD; state + year FE removed)
Formative-years growth gap, residual (old − young, state real per-capita income; state + year FE removed)
